

Air 1 christian radio station is an important source of information and positive music for Christians around the U.S. It provides a safe environment for all ages and spreads the word of Jesus. There is no doubt it has impacted lives in a good way for the messages of hope and love it brings. Without Air 1 many people would not be able to have the option of listening to a family safe and uplifting radio station because most stations today are inappropriate in many ways. My days would not be the same without the positive personal time it allows me to have. Please help us keep the freedom of religion that this country was founded on.
